

MOSAICOS.MX

Nace con la idea de volver a nuestro origen en la fabricación del mosaico hidráulico que empezó en 1905 con Pedro Granada Coll. Pionero en esta industria como Mosaicos Granada.

111 años más tarde, nace la idea de retomar la tradición en la fabricación del mosaico y combinarla con las nuevas tecnologías para brindar una mejor calidad y un servicio moderno.

De esta manera la cuarta generación de los Granada, evoluciona sin olvidar su origen.
